ODDS ON CHOICE, FOUR TO FIVE

Takes Lead When Barrier Goes Up and Never Relinquishes It, Finishing with Two Lengths to Spare. Lawton Wiggins Takes Hudson Stakes for Two-Year-Olds.

New York, June 9.—James R. Keene's Ballot ran his first race of the season at Gravesend today, and won the standard stakes in impressive style.

Royal Tourist chased him for three-quarters of a mile, where Montgomery moved up and got the place with Royal Tourist third. Lawton Wiggins, 7 to 1, won the Hudson stakes for two-year-olds, while King Cobalt made all the pace in the first race.

OLYMPIC ENTRIES IN

American Nominations are Cabled to England.

SUPPLEMENTAL LIST INCLUDED

Names of Athletes Cited as Conditional Selections Accompany Those of Regular Candidates—Entries for Each Event Arranged—Strong Men Will Be Mustered for Tug of War.

New York, June 9.—The American entries in the Olympic were cabled today to the British Olympic Council, and the supplemental list as conditional selections were included also. The names for each event were arranged, and with a few changes were the same as published in last night's dispatches.

If any man on the supplemental string comes to go, the sum of \$500. The first man of this class to come forward with an offer of the required amount is B. E. Sherman, the Harvard University hammer thrower. He wired James E. Sullivan, chairman of the selection committee, that he was willing to comply with the conditions, and his name was sent to England for the 10-pound hammer and javelin event.

Along with the regular entries in the weight-throwing line the American strong men will be mustered for the tug of war. The nominations are Rose, McGrath, Dearborn, Gillis, Flanagan, Burroughs, Sheridan, and Talbot, and the reserves are to be Coes, Sanda, Giffin, B. E. Sherman, Horr, and Krueger.

Enter Two Team Races. Among the running events there are two team races in which Americans expect to figure. The longer of these is the three miles, and it will be scored after the style of a cross-country run; that is, each member of the team will have to cover the entire distance, the team with the lowest score to win.

For this race, the regular nominations are Bell, Truitt, Elsie, Bombard, Dull, and Rowe, the supplemental names being E. P. Carr, R. J. Carr, Hall, and H. C. Young. The shorter race will be 1,600 meters, and those in it are mentioned on the English program.

As a team race it will be run on the plan of an American relay. Each country can enter only one team of four, with four reserves. The distance in yards is 1,740, but it will not be run in equal relays. There will be two relays of 200 meters (218 2/3 yards), one at 400 meters (437 1/3 yards), and one at 800 meters (874 2/3 yards).

The nominations are Cartwright and Huff for the two first relays, Taylor for the 400 meters, and Shepard for the 800 meters, and the reserves are Hamilton, Whitman, Merriam, and Halestead. From the names it is an event wherein American should make a strong bid for first honors.

In the three-mile team race five men will be allowed to start, but only three will count. Boning in Walking Events. G. V. Boning, of the Irish A. C., who won a gold medal at the London Olympics, has been nominated for two heel-and-toe entries in the coming Olympiad. The distances are ten miles and 3,500 meters.

Robert B. Foster, of the Chicago A. C., and Harry J. Hehner, of the Illinois A. C., who were unknown to fame here and whose specialties could not be learned, are also in the running. They will figure in the 200 and 400 meter swims and team race.

The British Olympic Council cabled J. E. Sullivan today that if the rifle team entries were sent right away, the men would be allowed to shoot elsewhere than the entry would lapse. Sullivan immediately wired Gen. Grain, who is conducting the try-out shoot at Camp Perry. It is unknown what action the riflemen took today.

Man was Formerly Employed by Jacksonville Terminal Company, It Is Declared. Charged with forging a railroad pass and with violating the interstate commerce laws by using it, Walter C. Dalton and his wife, Meza R. Dalton, of Jacksonville, Fla., were arrested yesterday evening by Detectives Tyser and Sears, of the Washington Terminal Company. They are held on a technical charge of being fugitives from justice.

According to information, Dalton was formerly in the employ of the Jacksonville Terminal Company. On Sunday he is alleged to have made out a pass for "J. B. Smith and wife" from Jacksonville to Washington. The same day he resigned his position, and with his wife, boarded a train for this city.

The conductor of the train required them to sign the pass. When the passes were forwarded to the office in Jacksonville it was learned the name of Smith had been forged, and also the name of the general passenger agent. Telegrams were sent to Washington and the arrests followed. When arrested Dalton was in uniform of a lieutenant in the United States Infantry.

According to those who asked help of the police, Williams said the air was much better at Atlantic City during the summer than in Washington, and because he had such a warm place in his heart for them, he would get them a position at the summer metropolis, where they might earn their bread and enjoy themselves at the same time.

Before obtaining the "jobs," Williams, they say, needed \$250 from each of his friends, and got it. He made appointments with each of the seven, they alleged, to meet him at the home of Mary Posey, colored, 137 L street northwest.

At the appointed hour the men turned up at the meeting place. Each expressed surprise that the others changed to be there. Mary felt honored at such an assemblage of callers, and in
